

UK Reportable Income – Report to Investors

Reporting Period: Ended 10/31/2024

The classes of shares listed in the table below are registered with HM Revenue & Customs in the UK as ‘reporting funds’. As such, each fund is required to make reports of income to the investors. There may be a requirement for you to pay tax as though you had actually received a distribution from the fund.

If you are subject to UK taxation (unless you are a non-domiciled individual paying tax on the remittance basis), you will be required to pay tax on the share of income reported to you in this notice. If you are uncertain you should seek advice from your tax advisor.

For UK tax purposes, you are treated as receiving income on the ‘Fund Distribution Date’ reported below. You should therefore include this income in your tax return for the tax year which includes that date.

The amount of income treated as received by you will be the ‘Excess Reportable Income’ reported below, multiplied by the number of shares you held at 31 October 2024.
